eReader Permissions & Acceptable Use Form

Introduction

An eReader is a convenient, portable reading device. It is the size of a paperback and capable of holding up to 1,000 books. A student can highlight sections of text or make notes anywhere in the text – it all shows up under *Notes & Highlights*, for easy retrieval later. In addition, unfamiliar words can be instantly defined using the built-in dictionary. The chance to use this device is a privilege that we are able to provide to students in this school provided that the students use extra caution and responsibility. **Each eReader is valued at \$139.00.** For this reason we require a parental signature before an eReader can be assigned to a student.

Parent Responsibilities and Permission

I am authorizing the assignment of an eReader to my son/daughter. I understand that it is to be used as a tool for reading and learning. I will help ensure the safe and timely return of the eReader within the loan period of one week. I also understand that I am financially responsible for any willful, malicious, or accidental damage to the eReader as well as any charges resulting from content downloaded to the eReader.
